

Alignment test page

Print at 100% (Actual size) with headers and footers turned off.

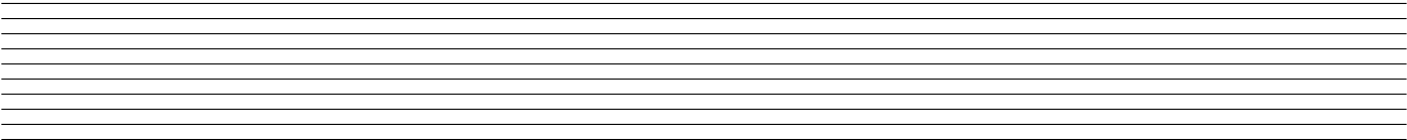

printertestpagelab.com

/alignment-test-page/ · US Letter

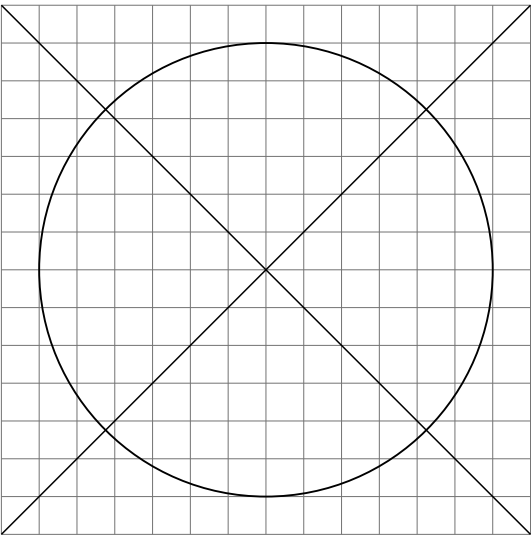

Vertical lines (should be straight and single)

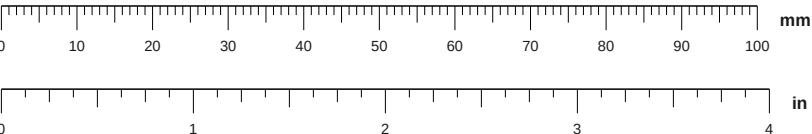

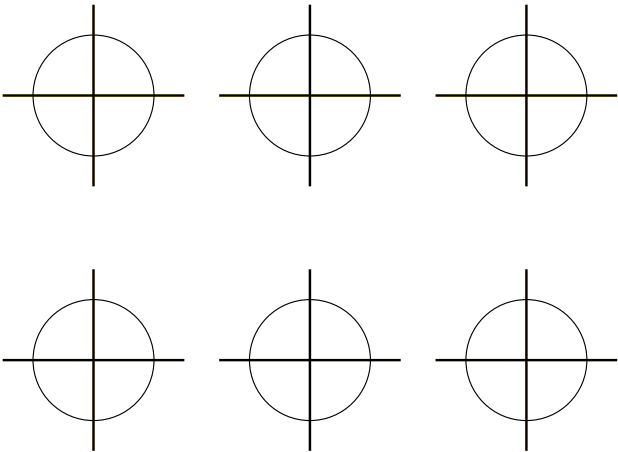

Horizontal lines

Grid, circle and diagonals

Color registration

Scale check

Measure both rulers. If they read 100 mm and 4 in, the page printed at true size. Each corner cross should sit 10 mm from both edges. A missing cross means cropping.
